

ANOTHER CUSTOMER EXCLUSIVE FEATURE HAS BEEN ADDED TO THE HERITAGE ON-LINE FACILITY.

heritage
ONLINE

TECHNICAL

The new Technical area accessed via a simple customer login enables Heritage customers to view on line all the latest information booklets, drawings and instructions on many of the Heritage Safeguard products most of which can easily be down loaded and printed off. Also included are information sheets offering guidance on current legislation and best practice. This library of information is updated all the time as our product range expands and develops.

Got a problem or a query?

Then our Ask Harry section within the Technical area includes a popular Q & A listing together with a simple to use 'Ask Harry' enquiry form that enables customers to request specific technical advice and help from Heritage.

With a wealth of experience and the support of some of the industries leading suppliers Heritage Trade Frames offers its customers a first class back up service on line 24/7
