

**EVOSATELLITE 3 OFFERS CUSTOMERS A MORE COMPREHENSIVE 'SATELLITE' PROCESSING FACILITY WITH THE ADDED ABILITY TO ADAPT AND PERSONALISE IT TO A CUSTOMERS OWN PREFERENCES.**

heritage  
ONLINE  EvoSatellite3

**A FULLY ADAPTABLE PRICING & ORDERING FACILITY**

*It has all the features of EvoWeb 2 but allows for more complex products to be processed.*

Heritage customers can further enhance this package by adding their own "customers" on to their system, adding and changing glass and panels options as well as

pricing and processing more advanced products including complex bows/bays, flag frames and conservatories.

This ultimate interactive support programme when combined with the EvoCite 1 facility is the most comprehensive customer support package available today.

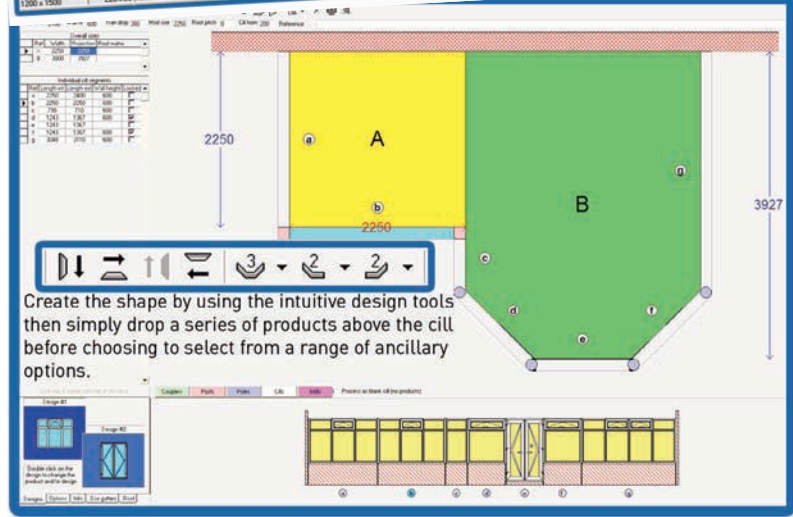

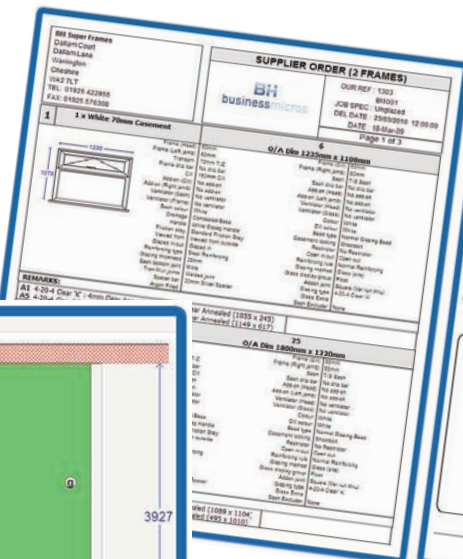

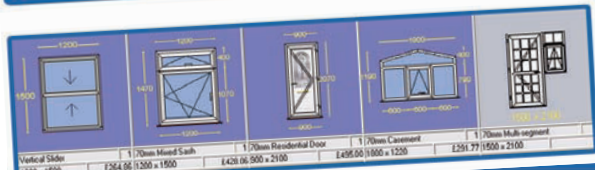

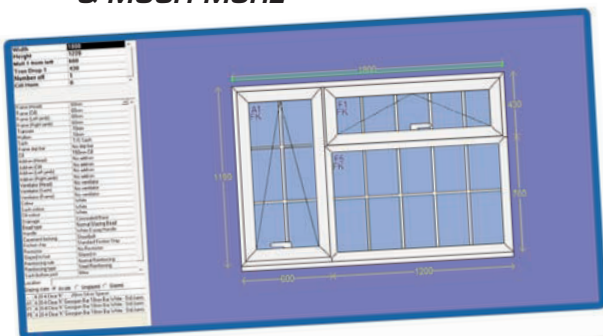

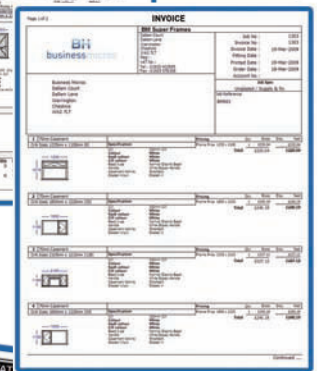

*In summary EvoSatellite users can;*
